Shell Energy Retail Limited (“Shell Energy”) Domestic Terms And Conditions For Telephony Service

The definitions within Annex 1 shall apply to any Contract subject to the following terms and conditions.

Telephony Service Terms And Conditions

Please take a few minutes to read carefully the terms and conditions set out below for the Products and Services you have ordered from Shell Energy.

By using your Telephony Service (the “**Service**”) you agree to the terms and conditions set out below that relate to the Service including any changes to them, or to the Service, which are made in accordance with these terms and conditions.

Part 1: Plain English Summary

First, here is a plain English summary of some of the main points:

A. The Service

- Your subscription for your Service will commence on the Commencement Date.
- The Service consists of the Telephony Service only. Shell Energy is able to offer a combined Telephony and Broadband Service subject to different terms and conditions. If you wish to take out our Broadband Service, please contact our Customer Services department. The contact details for Customer Services are set out in the Contact Us section below.

Use of the Service

- You are responsible under this Contract for the use of Service by you or any person you allow to use it. Your use of the Telephony Service must comply with Condition 2.
- To be clear, we want you to enjoy your Service freely. However, please note that you must comply with the obligations set out at Condition 2 of these terms and conditions. In particular, please note that You must comply with any instructions we give you about the Service and you acknowledge that we, our agents, authorised contractors or sub-contractors may give you instructions from time to time which we (or they) believe are necessary for health, safety or the quality of other telecommunications services provided to you by us.
- Your Service may also be restricted or ended if you breach the Contract (for example, for breach of Condition 2 or in the circumstances set out in Condition 9). We will endeavour to notify you in writing before this happens, unless we reasonably believe that your Service is being used for unlawful or

improper purposes (for example if there is an unusual spike in activity on your Telephony Service, to prevent fraud and/or bill shock, we may restrict the Service until we can contact you to determine whether the Charges have been incurred by you or have been incurred fraudulently).

- If your Telephony Service is restricted or ended for any reason you may not be able to make or receive all calls through the Call Service (except if you are dialling emergency service numbers such as 999 and 112).

Provision of the Service, Products and prices

- The Service is variable. This allows us to improve the Service for you. However, if we reduce the level of service provided by your chosen Product and you are materially disadvantaged by this you will have a right to end this Contract (Conditions 6 and 9).
- Our prices and Products can also change. We will give you at least 30 days' notice in writing of: (i) any increase in the monthly subscription price of the Service; or (ii) any other price increase which is likely to be to your material disadvantage unless the price increase results from you changing your service or is required for legal or regulatory reasons. We will also let you know about any other price changes in writing or by publishing details on the Price List. If you are not the payer of your bill, you should notify the payer of any notice of price increase we send you. If you wish to end this Contract for these reasons, then you need to let us know within 30 days of notice of the change (Conditions 6 and 9).
- You may downgrade your Call Service package for your Telephony Service by giving us at least 30 days' prior notice in accordance with Condition 9.5. If you do not move to a particular Call Service package with agreed rates, then you will default to our basic Call Service and our standard call rates shall apply. Please see our Price List for further details.
- You may change your Optional Features for your Telephony Service (for example, voicemail) in accordance with Condition 1.16.

Cooling Off Period and termination

- You have the right to cancel your Order within 14 days from the day after the day on which the Contract has been entered into by contacting Customer Services. The contact details for Customer Services are set out at the start in the Contact Us section below. Please note that if you've agreed to, and we have already started to provide the Service by the time you cancel it, you'll have to pay us the full cost of the Services you've received up to the point when you notify us.
- If you want to terminate the Contract you must give us notice in accordance with the process set out at Condition 9.

Will I be accepted as a Customer and how will you manage my account?

- You confirm that you are at least 18 years old.

- You may not be accepted if you owe money to another part of our business (for example, if you are late paying us the charges due under your Energy Contract with us and are seeking to commence a contract with us for the Service, or vice-versa) or your credit score is unsatisfactory, or if you do not pay by direct debit. We can administer your account as we believe reasonable depending on the result of that or any future scoring. This may include applying different payment terms to your account. We may use information from, or supply information to, outside agencies for credit assessment purposes. We will also use reasonable practices to set a call spend limit on your Telephony Service account.

Moving House

- If you change your Address you must contact Customer Services.
- If you change Address, we will do our best to move the Service which you have subscribed to your new Address. However, if this is not possible and your Service is not available at your new Address then the Service may be cancelled. If we are able to provide you with the same Service as provided at your previous address or if we are able to provide you an alternative Service, we will start you on a new Contract. We may also charge you any costs that we reasonably incur as a result of the transfer. We will tell you about the amount of this charge before charging you.

- 1.2 The Service is for residential use and not for business use.
- 1.3 The Service will be provided at the residential address that you notify to us from time to time (“**Address**”). This Address must be within the United Kingdom. You must be the account holder for your household’s existing telecommunications services or be authorised by the account holder to register for the Service. - 1.5 To enter into a Contract with Shell Energy you must be 18 years old or over. We may require you to provide us with proof of your identity and address. You agree that the details that you provide to us shall be true, accurate and complete.
- 1.6 When we provide you with the Service, we will use the reasonable skill and care of a competent service provider, but we cannot guarantee that the Service will never be faulty. This is because the Networks, which allow you to access the Service, may be provided by other third party companies over which we do not have control.
- 1.7 The Service is not available to new Customers:
 - (a) who do not pay by direct debit;
 - (b) registered with BT Basic or other incompatible services or products; or

- (c) who are outside our Network area.

Availability of the Telephony Service only

- 1.8 You must have a working telephone line in your home. If you don't have a working compatible telephone line, we may arrange for a new telephone line to be installed or an existing telephone line to be activated ("**New Phone Line**") and you will usually be charged a new line fee ("**New Line Install Fee**"). The New Line Install Fee will be charged in accordance with the Price List as published on the day you order your New Phone Line. Your New Line Install Fee will be applied to your first or second bill. Shell Energy will not install or arrange for the installation of a New Phone Line where extensive new line construction over and above standard needs is required.
- 1.9 On receipt of your application for the Telephony Service, and provided you are eligible, we will switch your telephone services to our Telephony Service. We will notify you in writing of the estimated activation date for your Telephony Service. If you have an existing compatible line, this normally takes 10 working days from the date when the order is accepted. If we are unable to make the switch for any reason we will contact you. If you require a new line to be set up, and we agree to do this for you, your Telephony Service will normally take approximately 10 working days to be activated from the date you place your Telephony Service Order.
- 1.10 You will be able to access the emergency services using 999 or 112 using the Telephony Service except where you are using a cordless handset and the power supply is interrupted.
- 1.11 If your telephone line is faulty, you will need to contact Customer Services to arrange repair and maintain the line and/or connection in accordance with this Contract.

International and premium rate access

- 1.12 You can use the Telephony Service to make international calls. However, calls to some or all international or premium rate numbers may be barred. Please refer to the Price List for details. If you need more information on international calls and premium rate access, please contact Customer Service. For details on how to contact Customer Services, please see the Contact Us section at the start of Part 2.

Use of indirect access codes

- 1.13 You cannot elect to use indirect access codes to facilitate using another provider for some or all of your calls. If you endeavour to do so, we reserve the right to restrict or disconnect your Service.

Your telephone number

- 1.14 You accept that you do not own any telephone number we make available to you under your Contract. You may request us to 'port' your number from another communications provider and we will try to do this wherever it is reasonably practicable. However, you accept that this may not always be possible. In these circumstances we may have to provide you with a new number. We will notify you before we change your telephone number.

Optional Features

- 1.15 You may add a range of additional features to your telephone line at an additional cost ("**Optional Features**"). Optional Features includes, for example voicemail. For the full range of Optional Features please see the Price List.

- 1.16 You will be charged for each Optional Feature you choose from the time that it is provided to you. You will be charged either on a monthly subscription basis or on a per use basis, depending on your chosen Optional Feature(s). For Optional Feature services which are provided on a monthly subscription basis you must keep and pay for each Optional Feature for at least 30 days unless we tell you otherwise.

2 Using the Service

- 2.1 The Service for which you enter a Contract will start on the Commencement Date and will continue until terminated in accordance with Condition 9 of these Conditions.
- 2.2 The Service is for residential use. It must not be used for any commercial or business purposes or for any activities not reasonably expected of someone using the Service for residential domestic purposes.
- 2.3 You acknowledge and agree that your use of the Services, or anyone you authorise to use the Service, must be in compliance with any relevant laws that apply and the terms set out in this condition.
- 2.4 You will be registered as the primary user but you can nominate additional users to manage your account provided they are members of your household and they consent.
- 2.5 You must comply with any instructions we give you about the Service and you acknowledge that we, our authorised contractors or our agents may give you instructions from time to time which we (or they) believe are necessary for health, safety or the quality of other telecommunications services provided to you by us.
- 2.6 You, and anyone you authorise to use the Service, must not use the Service:
- (a) with regards to the Telephony Service making any calls, that are offensive, abusive, indecent, defamatory, obscene, menacing, cause annoyance, inconvenience, needless anxiety or are intended to deceive (including to our Customer Service operators);
 - (b) to download, possess or transmit in any way, illegal material;
 - (c) to engage in criminal, illegal or unlawful activities;
 - (d) to send or procure the sending of any unsolicited advertising or promotional material;
 - (e) to violate or infringe the rights or property of any person, including rights of copyright and any other intellectual property rights, privacy or confidentiality;
 - (f) to artificially inflate traffic, send, communicate, knowingly receive, upload or download data or make any calls in such a way or in such amount that you know or ought reasonably to know may have a material adverse effect on the integrity of the Network (or any part of it) or impact on other customers' services;
 - (g) for any purpose which we may reasonably notify you of, from time to time, due to the introduction of new legislation or applicable regulations; or
 - (h) other than in accordance with this condition and, where relevant any internet standards.

- 2.7 We make every effort to ensure the security of your communications using the Service. You are however advised that for reasons beyond our control, there is a risk that your communications may be unlawfully intercepted or accessed by those other than the intended recipient. For example, your communications may pass over third party Networks over which we have no control and if you are connected to an analogue Network, there is no protection for your communications over the air interface. If you are connected to the digital Network, your communications over the air interface with our systems are encrypted providing a greater level of protection, but even this cannot be guaranteed.
- 2.8 Any calls you make to Customer Services may be recorded and so you hereby grant us, or our agents, the right to monitor or record your calls, emails or SMS for our lawful business purposes, such as quality control and training, to prevent unauthorised use of our telecommunications systems, to ensure effective systems operation and in order to prevent or detect crime.
- 2.9 We may modify or temporarily suspend the Service, or part of it, to the extent necessary for us to carry out maintenance, technical repair, enhancement or emergency work. We will try to minimise the impact of this on your use of the Service and we will restore the Service to you as soon as we can. Where possible, we will endeavour to notify you of such activities in advance.
- 2.10 We reserve the right to investigate any suspected violations of this Condition.
- 2.11 If you or an individual who you have knowingly or unknowingly allowed to access our Services act in breach of Condition 2, we may without prior notice:

 - (b) temporarily restrict or suspend your access to any of the Service;
 - (c) terminate your account; and/or
 - (d) take any other reasonable action.
- 2.12 If we restrict or suspend your Service, we may immediately do so until further notice without compensation if:
- (a) we reasonably suspect that you are in breach of these Conditions; or
 - (b) you are in breach of your obligation to pay the Charges and have not remedied the breach within seven (7) days of you being reminded to pay your bill. You should also note that if you have subscribed for our Service and fail to meet your payment obligations, your use of the Telephony Service may be restricted and you will not be able to receive incoming calls or make outgoing calls (except for emergency calls); or
 - (c) we are obliged to comply with an order or request of the UK Government, the emergency services organisation or other competent authority; or
 - (d) we have reasonable cause to suspect fraudulent use of a payment card, whether a Credit or Debit Card or otherwise; or
 - (e) where we monitor activity on the Network in accordance with this condition, we identify an unexpected peak in use of the Service due to, for example, higher than usual call volumes,

unusually high rates of calls to premium numbers or unusual usage of Service, which indicates fraudulent use of the Service that the account holder may not be aware of.

- 2.13 If we suspend the Service under this Condition 2, your Contract will still continue and you shall reimburse us our costs and expenses reasonably incurred in restricting the Service and/or recommencing them. In addition, you must pay all Charges due from you under your Contract incurred prior to the time when your Contract is properly terminated. If we restrict the Service, we will not provide it again until you confirm that you will use the Service only as agreed in this Contract.
- 2.14 If we exercise the right to restrict (or bar your access to) the Services, this shall not affect our right to terminate your Contract under Condition 9.
